CONFERENCE DESCRIPTION

Cardiovascular Update 2020 is an annual continuing medical education meeting designed to provide physicians and other healthcare staff with a practical and timely overview of important developments in the care of patients with cardiovascular disease. A spectrum of cardiovascular topics will be discussed. The format will be expert-led lectures and discussions with adequate time for questions and comments from the audience.

OBJECTIVES

- Discuss evaluation and treatment strategies for patients with systemic hypertension
- Review recent data with evidence-based treatment for patients with stable ischemic coronary heart disease
- Adhere to best practice and evidence-based treatment for patients with congestive heart failure
- Appropriately evaluate and understand treatments for patients with atrial fibrillation
- Apply recent updates about non-pharmacological therapy for arterial and venous peripheral vessel disease
- Review recent updates and evidence-based treatment for treatment of diabetic patients and vascular disease

TARGET AUDIENCE

This conference is designed for physicians, clinicians, nurses, and medical staff who treat and manage patients with cardiovascular disease. This includes those who specialize in internal medicine, family medicine, OB/GYN, neurology, critical care, pulmonary and podiatry.

For more information or to register, visit us online at cvupdate.org or call us at (205) 616-5938
