

CVA Cardiovascular
Associates

THE CVA MEDICAL EDUCATION FOUNDATION

*P*lease accept our invitation to highlight your company and support the education of physicians and healthcare staff from across Alabama. The 15th annual **Cardiovascular Update** conference will be a virtual event this year on Saturday, February 19, 2022.

We hope your company will consider being a sponsor for this year's event. **Cardiovascular Update 2022** is offered through The CVA Medical Education Foundation. This annual continuing medical education meeting is intended to provide physicians and other clinicians with a practical and timely overview of important developments in the care of patients with cardiovascular disease. A spectrum of cardiovascular topics will be discussed as listed in the enclosed agenda. **We have designed our conference for internists, family physicians, podiatrists, nurse practitioners and physician assistants.**

We have a limited amount of exhibit space located outside of the education room. The exhibit area will be accessible by the CVA physicians and presenters during the event. We are also offering Education Sponsorships. Exhibitors and sponsors will receive recognition on our conference website, your company logo on attendee correspondence and on the pre-conference landing page.

If you are interested in supporting the education of physicians and other healthcare staff from across Alabama, become a **Cardiovascular Update 2022 Education Sponsor**. If you have any questions or need more information, please contact Rebekah Francis at (205) 616-5938 or by email at rebekahfrancis@att.net.

We appreciate your consideration of our educational event!

The CVA Medical Education Foundation

Cardiovascular Update 2022 Education Sponsor Program
